Bearing these qualities in mind, please give us your thoughts on the candidate you've named above. There is no need to answer every point. The aim of this form is to let the committee know how you feel about each conductor.

We haven't included every point listed above because not all are related to conducting.

The committee would appreciate it if you could type your answers into this form. Please save this document with the conductor's name in the file name and e-mail it to kpoadmin@gmail.com after each concert. Alternatively, if you prefer to write, print one form for each conductor and hand to Jeremy Neep when completed.
